

BLUMEN

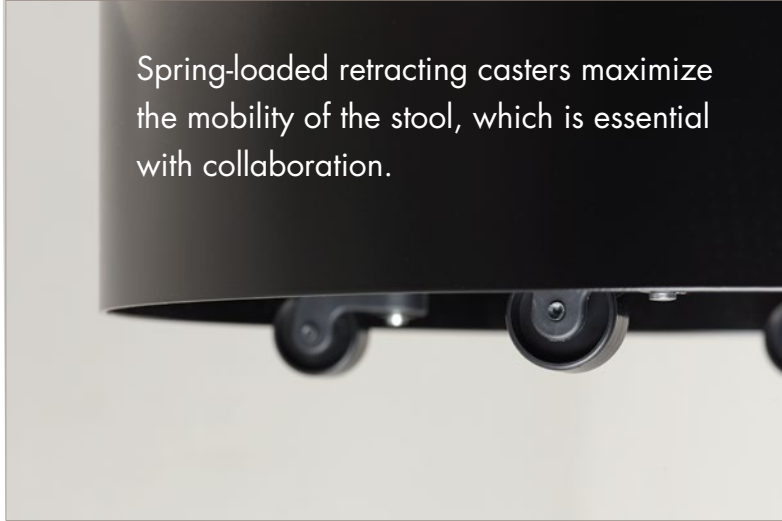

With flowing lines and freestanding stools, Blumen creates an inviting gathering place for projects, presentations, and socializing.

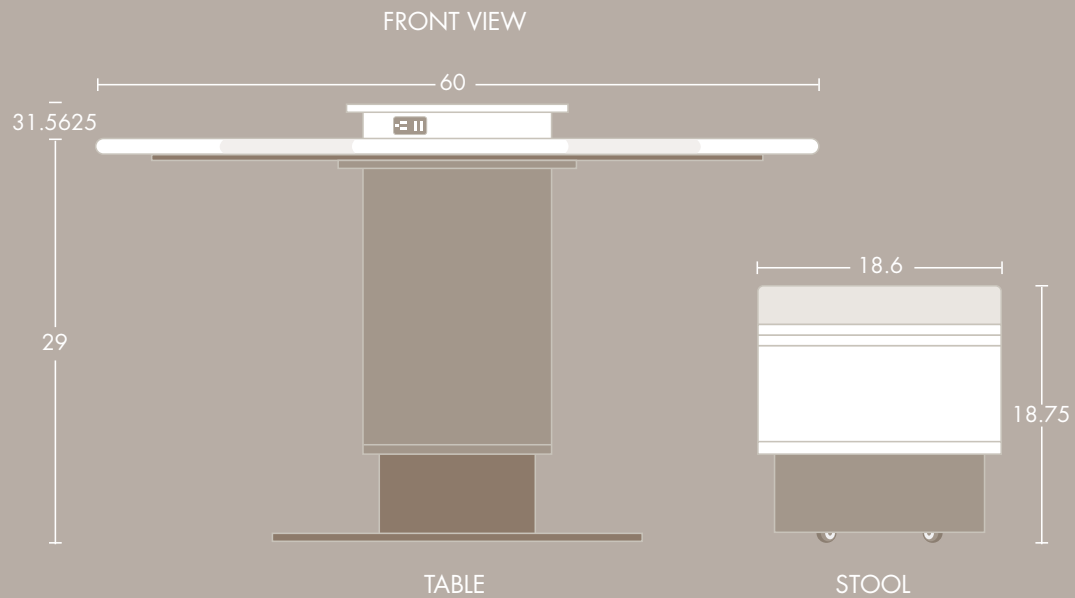

Three standard power plugs and six USB power ports housed in the center hub allow groups to learn and work together with any kind of technology.

Spring-loaded retracting casters maximize the mobility of the stool, which is essential with collaboration.

- Powder coated MDF table surface offers a durable finish in a variety of rich and unique colors
- Laminate and veneer table surface options also available
- Three standard power plugs and six USB power ports housed in center hub
- Mobile stools equipped with spring-loaded retracting casters
